SENATORS WAX WARM OVER PROHIBITION BILL

Senator Humphries Thinks That Liquor Interests Have Had Sufficient Hearing.

TALLAHASSEE, April 21.—The first tilt over the McMullen resolution calling for a prohibition constitutional amendment was the feature of Tuesday's session of the Senate. Senator Buckman of Duval and Senator Humphries of Manatee were the participants.

Senator Buckman was absent Monday when the McMullen resolution was passed from second reading on the engrossing committee's report, which is equivalent to passing to third reading on the calendar. Yesterday he attempted to have the resolution placed back on second reading on the calendar for amendment.

In the absence of Chairman McMullen of the temperance committee, Senator Humphries opposed such action. He took occasion to make a strong prohibition speech, attacking what he pleased to term the policy of allowing the liquor interests to throw their entire strength into Tallahassee against the Legislature to defeat the measure, and denouncing the methods which they might use. He declared that they had had a public hearing before the people of Florida for two years.

Senator Buckman held aloof from discussing the resolution, but main-

tained that it should be kept on second reading until after the public hearing before the committee Thursday. If Senator McMullen so chooses, the resolution can be called up for passage in the Senate this morning, the Senate having refused to entertain the Buckman motion by a viva voce vote.

Senate Bill No. 35, by Mr. Williams, for regulation of secret societies, was taken up as a special order. Woodmen of World, Farmers' Union, Elks, Knights of Pythias, Grand Lodge of F. and A. M. and subordinate lodges.

Senator Williams attacked the negro secret society and referred to instances in which such orders have protected criminals. "They do not grasp the noble principles of the secret society. It is them that are causing the present strife growing up between the young negroes and the whites. The negroes of today do not show the respect to white people that their grandparents did. The hills of old Leon have been dyed with the blood of whites slain by criminals sheltered by the negro secret society."

The bill was referred back to committee to be redrawn with amendments.

MORE HOPEFUL FEELING AMONG THE AMERICANS

SENDING OF U. S. WARSHIPS IS GREATLY APPRECIATED.

The Advance Guard of the Constitutional Army Has Arrived on Outskirts of Constantinople.

CONSTANTINOPLE, April 21, 12:30 p. m.—The advance guard of the constitutional army has arrived on the outskirts of the city. The cabinet will meet this afternoon and proclaim martial law in the capital.

The administering of the oath to the troops still in the garrison is proceeding, in accordance with the demands of the constitutionalists. Furthermore, authors of the recent uprising are being sought out and arrested. In some quarters it is believed there is increasing possibility of arriving at an understanding which may result in reconciliation between the Young Turks and the Sultan.

Later reports from the Syrian coast show radical fanaticism is raiding the vilayet of Aleppo. Disturbances have broken out at Antioch and Hjerjik and foreigners have taken refuge at the British vice consulates. The British cruiser has landed fifty men at Alexandretta. The authorities appear to be powerless effectively to control the situation.

The receipt of the news here that the American Government had ordered the cruisers Montana and North Carolina to Alexandretta, Asiatic Turkey, for the protection of Americans, has brought a sense of security to the Americans here and in the Syrian coast cities of Mersina, Beirut and Alexandretta.

It was declared in official circles this morning that pourparlers between the Government and the constitutional army promise a settlement. It is alleged that the army no longer insists on the withdrawal of the present ministry and the reinstallation of the Hilmi cabinet, but it does maintain its demand for the punishment of the author of the recent trouble.

NEGRO BOY FED BABY TO THE HOGS

INJURED THREE OTHER CHILDREN AFTERWARD WITH AXE.

Angry Because His Stepmother Left Him to Take Care of His Half Brothers and Sisters.

NEW ORLEANS, April 21.—Because his step-mother had left him at home near Opelousas, La., in charge of his young step-brothers and sisters, Tom Godfrey, a 12-year-old negro, fed the youngest of his charges to the hogs and later with an axe inflicted what will probably prove fatal wounds on the other children.

Three children were injured. The step-mother reported the crime to the parish authorities and Tom was placed in jail at Opelousas. She says she found the baby in the pen with the hogs when she returned home late Monday. Its hands and feet had been eaten off, but it was still alive.

She straightway whipped Tom and when she went for a doctor to attend the baby, Tom seized an axe and attacked his four-year-old stepbrother, inflicting several deep wounds. The young step-sister intervened and he crashed her skull with the axe. The girl is dying and the other two children have little chance for recovery.

Six hundred kindergartens at first named will be changed from primary schools about May 1 to 1, 1910. The change is being made from the fact that kindergartens are not supposed to be primary schools.

HOUSE MEMBERS MAKE PLEA FOR ECONOMY

Some Even Willing to Suffer Cut in Compensation. Great Interest in Prohibition Bill.

TALLAHASSEE April 21.—Superinduced by a resolution offered by Representative Light of Marion county, providing for a reduction of committee clerkships to five in number, the introduction of a volume of subsequent resolutions containing provisions for economy of legislative expenses metamorphosed yesterday's session of the lower branch of the Florida Legislature into something of a burlesque, which had its inception shortly after the House had been called to order and continuing throughout the morning session, being renewed at the afternoon session.

The proceedings of this character were not stopped until resolutions providing for an adjournment of the House sine die and a resolution providing for the abolishing of the Legislature had been introduced. The large chamber was well filled with visitors.

It contrasted very unfavorably with the impressive and dignified duties of nominating a United States Senator. However the House got down to actual work at 3:30 p. m. and some good results were obtained. A number of new bills and resolutions were introduced, while several bills were advanced on the calendar and others passed.

Mileage for Members.

Of special interest was the adoption of a resolution by Mr. Clarke of Jefferson and a substitute by Mr. Alexander of Volusia, as follows:

"Whereas, the railroad fare in the State of Florida is 3 cents per mile, therefore be it resolved, That the members of the House of Representatives shall be paid the sum of 3 cents per mile for every mile actually traveled in coming to and returning home after the adjournment of the session of 1909 and that the members of the House of Representatives shall be paid the amount actually expended for railroad fare in coming to and returning from the Legislature of 1909."

The report of the joint commission appointed by the Legislature of 1907 to investigate the affairs of the Trustees of the Internal Improvement Board is made a special order for 11 o'clock this morning. The report is highly interesting. The House will receive the report and order copies of the same printed.

Much interest centers on the public

hearing by the constitutional amendment committee of the House of protests to the proposed constitutional amendment providing for State-wide prohibition on Thursday. Business men from Jacksonville, Tampa, Pensacola and other cities of the State are here to enter protests against constitutional amendment for such a purpose.

At the afternoon session the following resolution was introduced:

House Resolution No. 62, by Roberson of Suwannee—That the committee on legislative expenses be instructed to prepare a measure providing that compensation for members and attaches of the House be not more than \$5 per day.

Mr. Miller of Lake thought the resolution out of order in that it should be a joint resolution.

Mr. Roberson made a strong argument in favor of the resolution, in which he cited the fact that the members of the legislatures of a number of States received much less, and that the members of the British parliament served without pay.

Mr. Davis of Madison believed that the members, whether they came from the farm, the law office or the mercantile establishment, lost money by attending the legislatures. "I am in favor of economy, gentlemen, but I am not in favor of false economy. I contend that \$6 per day is small enough for any man to come here and give up his business in order to do so."

Mr. Dupont of St. Johns said: "The people of the State would not kick if we received \$10 per day, provided we did something, but to devote our time and energies to such frivolous matters as we have so far today, we are not entitled to a cent's compensation."

This resolution was lost.

Mr. Hatcher of Columbia offered a resolution that if there were any members present who thought \$6 per day too much compensation, that such members be urged to go to their homes and talk economy to their constituency.

This resolution was ruled out of order.

Mrs. Bunch Met Tragic Death. FERNANDINA, April 21.—A runaway accident here yesterday resulted in the tragic death of Mrs. Bunch, from O'Neal. The two sons of Mrs. Bunch were on trial at this session of the court here for having tried to wreck a handcar and had been released from custody. Their mother had come into town in a buggy and the horse took fright running away and throwing her from the buggy, while she was dragged some distance, her head between the wheels and her body partially in the vehicle. The unfortunate woman was released and taken into the house of Dr. Waas, near which place she was passing when the accident occurred. She died about 4:30 o'clock.

St. Petersburg has decided through its council that it doesn't need a revision of its charter, thus saving the Legislature that much work at the present session.

The Tampa Yacht Club is to bond for \$10,000 to build a better home.

Popular Young Actor Is Slain By Jealous Woman

JACKSONVILLE, Fla., April 21.—Following closely on the heels of an announcement of the approaching marriage of Earl P. Adams, a popular actor and stage director of the Mabel Paige Company, now playing in this city, to Miss Elizabeth Bagley, Miss Jessie Brown, a well-known young woman to whom Adams had been previously engaged, shot and killed him yesterday afternoon, when, it is alleged, Adams went to explain to her the approaching marriage to Miss Bagley. Adams was shot several times by Miss Brown and he died almost instantly.

Miss Brown was arrested and placed in the county jail.

One peculiar feature of the case is that Miss Brown is a sister of Miss May Brown who was killed here in 1905 by her lover, who at the same time shot her mother, Mrs. Freeman, and Detective Cahoon.

Mr. Adams was with the Mabel Paige Company when they appeared at the New Baird Theatre in this city several months ago, and made numerous friends here who will regret to learn of his death.

Railroads to Discontinue Issuance of Mileage Books

ATLANTA, April 21.—Because persons who travel long distances, 1,000 miles or more, have been in the habit of purchasing 1,000-mile books at 2 cents a mile instead of paying the straight 2½ cents a mile fare, it is stated here the railroads propose to withdraw the 1,000-mile book at 2 cents on June 1.

It is also stated that the 2,000-mile

book at 2 cents which may now be used by five persons, one at a time, will be amended so that it will be good for only one individual. It is expected the proposed changes will bring strong protest from the traveling men.

A little want ad. will accomplish big results.

Carbolic Acid Takes The Life of Baby Girl

COLUMBUS, Ga., April 21.—The death of a child named Anna, 1½ years old, has been attributed to the use of carbolic acid. The child was taken to a doctor by its mother, who was told to use carbolic acid. The child died after a few days' illness. The doctor's report states that the child had been given carbolic acid in large quantities, which had caused the death.

D. U. Fletcher Elected Senator By Legislature

TALLAHASSEE, Fla., April 21.—Chase of Jacksonville, seconded by Representative Light of Marion county, was elected United States Senator by the Florida Legislature today. The only feature of the election was when Representative Alexander of Volusia cast his vote. He explained it, saying that he wanted to vote for Napoleon B. Broward, but could not un-

derstand the primary laws and customs.

W. C. T. U. ART EXHIBIT WILL BE REPEATED

MANY WHO DESIRED WERE UN-
ABLE TO ATTEND.

Views and Scenes Were Most Advan-
tageously Arranged to Produce
Best Effect.

The W. C. T. U. art exhibit, held at the residence of Dr. and Mrs. W. F. Yocum on Friday afternoon and evening, was a very delightful affair.

A small catalogue containing names of pictures, with numbers corresponding to those on the paintings, were given out at the door. These were printed on small pages with post-card covers representing European and American scenery. They added much to the pleasure of the company by enabling them to locate the views as is customary in large galleries.

Among the most prominent of the one hundred and five numbers, was the "Source of the Colorado River," a large oil painting 30x41 1/2 inches in size. Another was "A Valley in the Rocky Mountains" whose mellow and purplish tints melted into a soft and far-away distance. "The Falls of Hespere in Europe" were greatly admired; it was also of large dimensions and rich in colorings.

Among many others that elicited words of praise were "A Street in Venice," "The Elk," original, two German subjects, viz: "Gretchen and Her Cat," "Caught at Last," ("Der Ratte in Trappe"). Those two pictures showed the interior of old-time Dutch kitchens with their many kinds of cooking utensils, baskets of vegetables, curiously shaped dishes on cupboard shelves, the old clock high up on the wall with its long pendulum, the wondrously fashioned Dutch oven with kettles on top. The light from the latticed window, high above the stairway, threw a golden light over the old mother who, with a tempting morsel in one hand and in the other a wicked rod hidden behind her, seemed to be calling "Poor Kitty" to her doom.

The fruit pieces painted from nature were excellently well done, as were also those of human figures, birds, animals and marine scenes.

The exhibit of pottery was very unusual. Large vases and pieces of various forms and uses were shown, some of which were decorated with the most delicate flowers, leaves and mosses, all of clay. These were made by Mrs. Yocum's mother, who was also an artist, and many of the paintings were by her skilled hand. The exhibit was entirely composed of home production.

A few portraits of musicians, such as are given by the publishers of The Etude, were introduced by way of variety, as were a number of other articles not mentioned in the catalogue.

Besides the paintings, many choice pictorial publications were in view on the table in the studio, whose walls were hung with pictures, as were those of parlor and hall. Flowers were in abundance, and together with piano selections, the afternoon and evening were passed delightfully.

Refreshments were served in the dining-room, which was also decorated with palms, ferns, vines and flowering plants.

Mrs. Yocum has been requested to repeat this exhibit Friday afternoon and evening, as there were so many entertainments last week that many were unable to attend who desired to do so, therefore the rooms will be open again from 3 o'clock until 10 in the evening, at 405 W. Court street.

An admittance of 25 cents will be taken at the door for the benefit of the scientific temperance instruction for schools.

W. C. T. U. REPORTER.

CALLED FOR TODAY.

Meeting of S. P. C. A. Will Be at Col. Matheson's Offices.

A special meeting of the Society for Prevention of Cruelty to Animals has been called to meet at the offices of Col. C. Matheson this afternoon at 4 o'clock.

All members who have signed up, and all parties interested in the movement, are requested to attend this meeting and further this work.

Mrs. Sanchez, the president, is very anxious that the society get down to business, and would be pleased to see many of the citizens at this meeting.

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

A PLEASANT OCCASION.

Mesdames Davis and Dell Entertain on Last Thursday.

One of the largest attended social functions since the close of Lent was given by Mesdames S. M. Davis, J. M. Dell, Jr., and S. T. Dell at the lovely home of Mrs. Davis on last Thursday afternoon from 4 to 6 o'clock.

Mesdames W. M. Dale and J. L. Medlin received at the front door, while little Miss Waunetta Davis received the cards from the guests as they entered the handsomely decorated parlors. In the receiving line were Mesdames Davis, J. M. and S. T. Dell and Mrs. J. Maxey Dell, Sr. The honorees of this reception were Misses Dea Weeks & Starke, sister to Mrs. S. T. Dell, and Miss Caro Liddon of Ocala, a sister of Mrs. J. M. Dell, Jr.

Mrs. T. P. Hay and Mrs. L. C. Lynch invited the guests into the dining-room, where a lovely course was served consisting of ice cream, cake and chicken, together with miniature nests of eggs, while the bonbons resembled eggs in white and green and was in all a very unique combination.

The decorations were most elaborate, being ferns and pink roses in the parlors and in the dining-room lovely green ferns and Easter lilies, the Easter idea being carried out throughout the entire house.

Mesdames Harold Arnold and Watson Porter served the cream, assisted by Mesdames Sydney Robertson and J. A. Etzel and Miss Ida Burklim.

Mesdames T. W. Shands, E. A. O'Neill, W. L. Floyd and J. E. Futch invited the guests from the dining-room to the punch room, where delicious fruit punch made from the celebrated "Red Rock" ginger age, was served by Misses Emily Vandevanter, Annie Scarratt and Lucile Colclough.

Music was furnished by Miss Leonora Vidal and Messrs. Kay and Goldsmith.

You should not delay under any circumstances in cases of kidney and bladder trouble. You should take something promptly that you know is reliable, something like DeWitt's Kidney and Bladder Pills. Impossible to be Well

It is impossible to be well, simply impossible, if the bowels are constipated. Waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. McDONALD LOSES HEAVILY BY FIRE

BARN AND ALL CONTENTS DESTROYED TUESDAY NIGHT.

Was Supposed to Have Been the Work of Incendiary—Occurred About 2 O'clock.

C. W. McDonald, one of the extensive truckers of Rocky Point, was a heavy loser by fire on Tuesday night, the amount being \$2,000 or more, with no insurance, when his barn and all its contents were burned to the ground.

Mr. McDonald, who resides in this city, was not apprised of the fact until Wednesday morning, when he went out to view the loss and make the necessary arrangements to get his plows to running.

He had just put away all of his canvass, consisting of about 4,000 yards, and besides this the building was filled with feed stuffs and implements, the entire list being a total loss.

The fact that there had been no fire about the place and the hour during which the fire occurred, leads the owner to the belief that it was of incendiary origin.

There was no insurance on the building or any of its contents and the loss will prove a heavy blow to the owner.

\$50 Reward.

I will pay the above reward for information that will convict the party or parties that set fire to my barn on Tuesday night, destroying all that it contained.

C. W. McDONALD.

Reach's 1909 Guide.

Reach's Official American League Guide for 1909, published by A. J. Reach Company of Philadelphia, and edited by Mr. Francis C. Richter, of "Sporting Life," is out, and is, as usual, first in the field, thus making it the harbinger of the baseball season. It can be said without any qualification that, excellent as all of the editions of The Reach Guide have been in recent years, the 1909 Reach Guide is the best hand book of the kind ever issued by this or any other publisher. The special distinction of the 1909 Guide is, next to the text, quality of paper used and the number and beauty of the engravings furnished, the world's championship series being specially well dowered with splendid action pictures. The American League Guide for 1909 is in all respects a first-class hand book of the National game and a decided credit to the American League and to the publishers, the Reach Company. This is the eighth annual issue of The Reach Guide as the official hand book of the American League, and the twenty-seventh consecutive year of its publication as a book of record and reference for the entire baseball world.

Eminent Authorities Say

That out-door exercise is needed by the American people. That's all very well, but how can people with rheumatism follow that advice? The answer is very simple—use Ballard's Snow Liniment and the rheumatism will go, leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back. Sold by W. M. Johnson.

S.S.S. THE CURE FOR SCROFULA

The usual symptoms of Scrofula are enlarged glands of the neck, sores and ulcers on the body, skin affections, catarrhal troubles, weak eyes, and general poor health. The inherited poison, transmitted through the blood, pollutes and weakens this fluid, and in place of its nutritive qualities fills the circulation with scrofulous matter, which saps the vitality of the entire system. Thousands of children, born with a scrofulous taint, have spent their childhood in constant physical suffering, and grown to manhood or womanhood handicapped by ill health and stunted growth, and perhaps later some disease of the bones or joints developed. S. S. S., given in their early life, would have prevented this. It would have cleansed and purified the blood of the taint, nourished and strengthened their systems, and assisted each to grow into strong, healthful manhood or womanhood. S. S. S. is the very best remedy for Scrofula. It goes down to the bottom of the trouble, and cleanses the circulation of all scrofulous matter. It supplies the weak, diseased blood with strength and health-building qualities, and under the purifying effects of this great remedy all symptoms of Scrofula pass away. S. S. S. contains no minerals in any form, and is an absolutely safe treatment for children, even infants, or persons of any age. Literature about Scrofula and any medical advice free.

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver, or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

in the Metropolis.

Through the untiring efforts of Superintendent H. O. McArthur Gainesville will continue to have a first-class passenger service over the A. C. L. railway and the traveling public will be enabled to go and come at their will between Ocala and Jacksonville.

The new schedule which is now being arranged will be operated during the summer months, and it is proposed to start this service after the through trains are taken off, which will be about May 2, or sometime thereafter.

There is nothing definite about the arrangement of the schedule of this service, but it is understood that the train for Jacksonville will leave Ocala about 6 a. m. and arrive at Jacksonville about 10 a. m. For the return trip the train will leave Jacksonville at 4 o'clock p. m. and arrive here in ample time for supper.

By the operation of this service it will enable the traveling public to go and come at their will from Gainesville, and would be the means of adding a convenience to all sections along the line. It will prove especially beneficial to parties that will have business in Jacksonville, as it will give almost the entire day there.

No other trains will be affected by this service except Nos. 37 and 28, which are the regular winter tourist trains and which will again be placed in commission next season.

That the trains will be placed in service there is hardly any doubt, but the exact schedule has not been agreed upon. The citizens of Gainesville are indebted to Superintendent McArthur for what he has done in their behalf to secure a first-class service in and out of this city. It will give three trains daily each way between all local points within a radius of thirty miles, and shoppers will find it especially convenient.

Card of Thanks.

I desire to express my thanks to the party who placed my name in nomination for the diamond ring contest and assure them that I feel indebted to them for the compliment, but just at this time, after having worked so hard in the contest that has just closed, it will be impossible for me to accept and carry out the work as it would require, therefore I must respectfully decline to run.

BUSY BUSINESS MEN

Science Helps Them Out After Recklessly Abusing the Stomach.

The most reckless man in regard to health is the busy business man. At noon he rushes out for a bite to eat. He bolts his food without proper mastication, and heaps on his stomach an extra burden greater than it is able to carry without breaking down.

His overworked stomach is crying for help; it appeals to him for relief in various ways: Expulsion of sour gas; waterbrash; sour taste in mouth; heaviness after eating; shortness of breath; bad breath, etc.

One Micona tablet taken with or after each meal will help any sufferer from dyspepsia wonderfully. It aids the stomach in the work of digestion which it must perform.

Micona tablets are sold by J. W. McCollum & Co. at 50 cents a large box, with a rigid guarantee to cure dyspepsia and all stomach troubles, or money back. They make eating a pleasure.

Micona cleanses and purifies the stomach and bowels and puts vigor and strength into the overworked system. It is the surest stomach tonic in the world.

Micona is sold by leading druggists everywhere.

HYOMEI
(Pronounced High-O-Mei)

Cure catarrh of the nose, throat, and lungs. Complete relief in all cases. Sold by leading druggists everywhere.

Rexall
"93" HAIR TONIC

Our faith in the superior remedial qualities of Rexall "93" Hair Tonic is so strong that we promise to return your money—without question or quibble—if it does not do what we claim it will.

Because it contains Resorcin, Beta Naphthol, Pilocarpin, Borax, Glycerin and Alcohol in perfect combination, Rexall "93" Hair Tonic provides the softening, cleansing, antiseptic, germicidal, stimulating and nourishing properties, so desirable and necessary for the successful treatment of scalp and hair troubles.

If used according to directions for a reasonable length of time, we are absolutely positive that it will thoroughly cleanse the scalp and hair, relieve irritation, eradicate dandruff, stimulate the hair follicles and papilla, revitalize and nourish the hair roots, stop falling hair, prevent baldness, promote hair growth and make the hair naturally soft and silky.

You must realize that we would not dare back up our claims with such a liberal offer unless we were positive that we can substantiate our statements in every particular, and the most skeptical person should at least be willing to try Rexall "93" Hair Tonic at our risk.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for \$5 a year; \$2.50 six months; \$1.25 three months; or 30 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.
Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, state and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Last call! The prohibition bill is on third reading.
The Governor's reception occurs to-night. Everybody's invited.
With three garages Gainesville will have benzine buggies for all and then some.

The Pensacola Journal says what Florida needs is a constitutional convention.

Real \$1,000 fines are being used as eye-openers for some of the Georgia "blind tigers."

At last! The sporting scribes can set back and take it easy—Jeffries has announced his intention to fight Jack Johnson.

The fact that there is not a vacant store-room on the streets surrounding the square is evidence that Gainesville is commercially solid.

Upon remarking that fifty-three doctors are to graduate, The Atlanta Journal says "hold to your pocket-books and run for your lives."

Capt. Peter C. Hains is now on trial at Flushing, N. Y., for the murder of William E. Annis last August. The defense will use the insanity plea.

Those in charge of the arrangements could scarcely select a more inviting place for the annual union Sabbath school outing than Interlachen.

Local bills of minor importance are taking up considerable time of the Legislature. In his message Governor Gilchrist made timely suggestions as to how this waste of time can be avoided in future.

Pierre D'a Pratt has ceased the publication of his Plant City Advance because of insufficient support. In his valedictory Editor Pratt says, "Some newspaper men retire with 'reluctance' but we retire with pleasure, as we have no sympathy for anything that is a burden and expense."

The Wisconsin Legislature has killed the "long sheet" bill, which required that all hotels and boarding houses in the State should furnish each of their beds with two sheets of a minimum length of eight feet, says The Savannah News. If long-sheet, individual towel and long-shirt-tail bills could be got through all of the legislatures, the demand for cotton the South's great crop, would be considerably stimulated.

The influence of works of fiction upon the moral and intellectual character of children is not always sufficiently recognized by parents. If it were greater care would be shown as to the class of books allowed in the home. It is not necessary that every book should have a high moral purpose but if the moral safety of children is to be regarded every book with a bad moral taint or suggestive-ness will be excluded. In this age of abundant literature, good, bad and indifferent, it is no difficult matter to provide our homes with reading that is both wholesome and entertaining, and of high literary quality.

THE TARIFF AND ITS EFFECTS.

If the cost of living increased 47.4 per cent during the ten years of the Dingley tariff between 1896 and 1907, how much more will it cost the average family to live under the tariff bill now before Congress?

This is a problem in tariff arithmetic for the public to think over while Congress is preparing to pass the Payne bill with a few minor changes.

The Payne bill, after revision by the Senate Finance Committee, is admittedly an advance in rates over the Dingley or present tariff law. Just how much of an advance, not even the Republicans know for a certainty. The increase over present rates is estimated all the way from 1.44 to 30 per cent. The exact increase cannot be known until the last administrative feature of the bill has been incorporated, which will probably be in the few minutes just preceding the passage of the measure.

To understand what the real meaning of an increase of tariff rates over the Dingley law is to the consumer, the record of the effect of the Dingley tariff is interesting.

Dunn's Commercial Agency has for years kept careful track of prices of the commodities which are of general daily consumption. The cost of living increased 47.4 per cent during the ten years of the Dingley tariff preceding 1907. What could be bought for \$72.45 in July, 1897, cost \$106.79 in June, 1906. The rise was steady and gradual.

While wages during the same period increased nominally 18 per cent, the cost of living increased 29.4 per cent in advance of wages.

The Statistical Abstract of the United States shows the effect of the Dingley law on various commodities. In reading each of the following comparisons it should be borne in mind the present tariff bill materially increases the Dingley tariff:

Breadstuffs costing \$10.50 in 1896 cost \$18.16 in 1907; meats costing \$7.05 in 1896 cost \$9.64 in 1907; dairy and garden costing \$7.87 in 1896 cost \$14.46 in 1907; other food costing \$8.53 in 1896 cost \$9.82 in 1907. Clothing costing \$13.60 in 1896 cost \$20.10 in 1907; metals costing \$13.23 in 1896 cost \$17.52 in 1907; miscellaneous items costing \$13.52 in 1896 cost \$19.24 in 1907.

"The increase of the cost of wearing apparel and foodstuffs under the Dingley tariff was gradual and steady," said Hon. James M. Graham of Illinois, in a master tariff speech in the House recently. "Figures speak eloquently of the absolutely scientific manner in which the workingman's wages are reduced in fact, although the unions have been able to obtain a slight nominal increase. They give the laborer 18 cents with one hand and take 47 cents from him with the other."

The condition of labor at the end of ten years' operation of the Dingley tariff was shown at a meeting of the prominent labor men of the country at the office of Former Secretary of Commerce and Labor Oscar S. Straus, on Feb. 10, 1909.

Samuel Gompers, on behalf of the American Federation of Labor, reported that he had sent out circular letters to the executive officers of the International Trade Unions in December, 1908, and from the replies gathered the following information:

Blacksmiths, 50 per cent unemployed; those employed averaging about four days a week; carpenters, 40 per cent unemployed; cigar-makers, 10 per cent unemployed; commercial telegraphers, 30 per cent unemployed; freight handlers, 30 per cent unemployed; hod carriers and building laborers, 30 per cent unemployed; butcher workmen, 40 per cent unemployed; tobacco workers, working on two-thirds time; iron moulders, 70 per cent unemployed.

That New York judge who warned a young prisoner brought before him charged with theft not to steal anything until he became the president of a railroad must have decidedly unfavorable views regarding the honesty of such people. That many of the transactions in the railroad world have been of a character to lead to the opinion few will question. Lovers of old-fashioned business honesty naturally object to the high finance, watering of stock, freezing out, merging and other practices which enable a few men to practically own the greater part of the railroad system of the country.

Isn't there something which only a want ad. can do for you today?

COOL DOWN.

The vigorous throwing of cold water on the incipient conflagration at Tallahassee—caused by friction between Frank Clark and James E. Alexander—by The Times-Union is very commendable, says The Tampa Times. There is no reason for a widespread ruction about the matter. It is perhaps apropos to liken Frank Clark to a live wire which should be carefully insulated so that its vigorous current should not leak upon untimely occasion or at dangerous points. In this connection it is proper to say that the invitation to Mr. Bryan to address the Legislature was not due to the Clark incident at all but to a determination long since reached by the body to have the advantage of Bryan's elucidation of the guarantee bank law which is proposed to introduce and enact.

If Mr. Bryan accepts the invitation he could safely ignore entirely the Clark incident and confine himself chiefly to the topic upon which the Legislature and the people of Florida most desire to hear him. He undoubtedly will recognize the fact that the Clark-Alexander scrap is a little family affair which can be settled at home.

The Government has done right in refusing the request of the Russian government that Pouren, the revolutionary refugee, be extradited, and he is now set free after being in prison for nearly eighteen months. Many of the methods employed by the revolutionary party in Russia in their desperate efforts to secure liberty may be repugnant to our American ideas, but then conditions in Russia are such as could never exist in this country, and that makes a difference. The Russian government, though by courtesy called civilized, is nothing but a semi-barbarous organization ruling by legal murder, repression and ignorance. Therefore any request it makes for the extradition of men whom it has goaded into rebellion by its cruelty is not likely to be honored by America. Identically, and yet very suggestively the refusal by our Government to deport Pouren is a sharp rebuke to the Russians.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

KELLEY AND DAVIDSON WANT TO SECURE BAIL

JUDGE WILLS TO HAVE SPECIAL
HEARING TODAY.

The State Has Ten Witnesses to Be
Heard, All of Whom Testified
at the Inquest.

The examination in the case of D. M. Davidson and J. M. Kelley will come up for hearing before Judge Wills this afternoon at 2 o'clock in the court house.

This investigation has been brought about by the attorneys for the defense, who sued out a writ of habeas corpus in an effort to secure the defendants' release on bail.

There are several State witnesses to be examined and quite a number for the defense, hence it is expected that it will require two days or more to submit the evidence in the case to the judge.

Kelley is charged with the killing of Officer Sellers at High Springs in 1906 and Davidson is charged as aiding and abetting in the murder.

Owing to the business standing of one of the defendants the case will attract considerable attention, and a large delegation is expected to be present from High Springs.

The many constitutional amendments threatened in the Legislature leads The Tampa Tribune to advocate a constitutional convention for making the whole thing over again.

A party of forty made up from all sections of the State have gone to California to investigate the operations of the California Fruit Exchange and the method employed in marketing California fruits. Among the events of the trip will be an entertainment for the visitors by the Los Angeles Chamber of Commerce.

DEATH OF MR. GLAWSON.

Passed Away at Hawks Park After
Lingering Illness.

Hawks Park, Fla., April 21.—Mr. Charles Glawson died April 14th after suffering from lung trouble eight months. But what a blessing it is to know that he is now free from all pain.

Mr. Glawson, better known as "Charlie," was born thirty years ago, and only eleven months ago he was wedded to Miss Georgia Martin of Hawthorn, Fla., and her many friends of Alachua county will sympathize with her in this time of trouble. Deceased also leaves a mother and sister with sad hearts.

On the morning on which his death occurred he spoke of dying and had a smile for the loved ones at his side. What a comfort it is to know that he was ready to go.

We have known Charlie from childhood, and while he has gone his good influence remains as an example for us.

Rev. Jones conducted the funeral services at the home, and in his mild way, expressed words of comfort to the bereaved ones. The Fraternal Union, of which he was a member, conducted the services at the cemetery.

Mr. Glawson was not only a good, upright gentleman, but one that prospered in his vocation. We attribute this to his bright, sunny life. He had a smile and good word for everyone and never looked for the dark side of life. He numbered his friends by the score, and we mourn deeply for him and extend sympathy to the family.

COUNCIL WILL TAKE IMMEDIATE ACTION

NUMEROUS COMPLAINTS ABOUT
EAST GAINESVILLE WALKS.

Reckless Bicyclists Pay No Attention
to Pedestrians Along East
Alachua Avenue.

So general has become the complaint of pedestrians who have to travel in East Gainesville that members of the council have agreed to bring the matter up at a meeting and see if some steps cannot be taken to put a stop to the reckless riding nuisance.

As the law now reads the riders are permitted to use the walks where the streets are in a bad condition, and that they have abused the right is best evidenced by the fact that a number of persons have been run into and injured.

The Sun has been asked to call attention to this matter on various occasions, but it has had little effect and the riders still use the sidewalk along East Alachua avenue as if there was no street at all.

That the council will put a stop to this practice by amending the law there is now little doubt, and parties riding along this way will be handled as soon as a change can be made.

Francs and Dollars.

We like to read French stories, but every time francs are mentioned we stop to turn them into dollars. "She had 17,000 francs per year in the funds," the story will say, whereupon we stop to divide seventeen by five—to turn the francs into dollars and find out how much money the heroine had.—Athens Globe.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair,
No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CONTINUOUS SHOWS.

Were Started by B. F. Keith in
a Boston Store.
is in the month of January, 1883.
r. B. F. Keith, who had been
ng the show business with far-
eyes for many years, presented
ore that he had leased in Bos-
e first continuous show ever
any stage. He paid his per-
\$20 a week for a single turn
0 for double and required them
eight or nine turns a day. His
ner" or chief attraction was a
and a half baby. The doors of
yhouse were thrown open at
and from that time until half
at night the performance went
out interruption.
ons were allowed to spend the
day in the theater, and at first
y availed themselves of this op-
ity to get a substantial filling of
ment at a small cost that Mr.
realized that he must either
in the idea of a continuous en-
ement or else invent some meth-
which the audience could be
out of the building and place
or those outside who were wait-
admittance. Necessity is the
of invention, especially when
ated with sharp Yankee wit, and
thus that what is known as
"chaser" came into the world.—

GRIEF AND GREED.

Sorely Afflicted, Yet He Kept an Eye
on the Main Point.

The following communication was
recently addressed by a grief stricken
German husband to the secretary of a
life insurance company in Germany:
"Sir—Deeply afflicted, I take up my
pen to inform you that my dear wife,
Anne Maria, nee L—, insured in your
company for the sum of \$750, has sud-
denly died, leaving me a victim to the
deepest despair. This grievous blow
fell on me this morning at 7. Kindly
endeavor to let me have my insurance
money as promptly as possible. The
policy bears the number —, as you
will find by reference to your books.
"I may say very seriously and in all
sincerity that she was a faithful wife
and an admirable mother. In order
that all formalities may be settled
with promptitude I inclose herewith
a certificate officially recording her
death.
"Her illness was but a short one.
Nevertheless she suffered intensely,
which naturally renders my grief all
the more poignant. I have no doubt
that you will afford me partial con-
solation by sending on the insurance
money as promptly as possible.
"In return I hereby formally prom-
ise to have my second wife insured in
your company for \$1,500, double the
sum for which my defunct darling
was insured.
"My grief is immense, yet the con-
viction that you will afford me conso-
lation sustains me during this terrible
ordeal. In the hope that we shall
soon draw our insurance money, my
children join me in," etc.—Exchange.

Nature's Armor.
Lobsters and crabs are familiar ex-
amples of armor bearing creatures.
The lobsters have wonderful coats of
mail suggestive of those devised by
human warriors in the age of chiv-
alry. They combine perfect security
with ease of movement, owing to their
jointed structure. The manner in
which crabs when at rest tuck their
legs beneath them so as to bring them
under the shelter of the hard carapace
is interesting. The crab is doubly pro-
tected, for it resembles a water worn
pebble, and thus looks to large fishes
which like to eat the crustacean—so
long as it keeps still—very similar to
the objects with which it is sur-
rounded.

Cutting the Finger Nails.

Cutting the finger nails appears to
have been the most indispensable serv-
ice the ancient Roman barber rendered
to his patrons. Martial, chaffing a
fop who had tried to dodge the barber
by using plasters to remove his beard,
asks triumphantly, "How are you go-
ing to manage about your nails?" And
the miser in Plautus collects the par-
ings of his nails from the barber to
make something out of them, appar-
ently never dreaming that he could
save money by cutting them himself.

No Excuse.

Walter (whose attention has been
called to a gross error in addition)—
Very sorry, sir; but, even if you hadn't
found out the mistake, the firm would
have benefited, not me. Diner—Then
you have no excuse!—Punch.

Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect
indigestion, the more you will suffer before Kodol
can restore Good Digestion.

And, of course, indigestion if neg-
lected long enough, brings on serious
diseases in which Kodol cannot
benefit you. Some of these there
is no help for at all.
There are, in fact, very few ail-
ments which cannot be traced di-
rectly to impure blood. And im-
pure blood is always due to a dis-
ordered stomach.
Use Kodol and prevent Nervous
Dyspepsia.
Kodol will effectually assist Na-
ture to secure a complete restora-
tion of good digestion. It does
this by at once digesting all food
in the stomach and keeping it di-
gested, until the stomach is rested
and can resume its own work. Ko-
dol removes the cause—and the
effect quickly removes itself.
When it is recalled that Ap-
oplexy, Heart Disease, Cancer—and
even Consumption—are due to
poor digestion and poisons thus
transmitted to the blood, and
throughout the system—the impor-
tance of maintaining good diges-
tion is at once realized.

We knew what Kodol would do
before ever the first bottle was
sold. If we did not know just what
it will do, we would not guarantee
it the way we do.
It is easy for you to prove Kodol
—the next (or the first) time you
have an attack of indigestion. And
you will certainly be surprised at
the results. It is perfectly harm-
less.
There can be no harm in trying
something that may do you a great
deal of good—when it costs you
nothing if it doesn't.

Our Guarantee

Go to your druggist today and get a dol-
lar bottle. Then after you have used the
entire contents of the bottle if you can
honestly say, that it has not done you any
good, return the bottle to the druggist and
he will refund your money without ques-
tion or delay. We will then pay the drug-
gist for the bottle. Don't hesitate, all
druggists know that our guarantee is good.
This offer applies to the large bottle only
and to but one in a family. The large bot-
tle contains 24 times as much as the fifty
cent bottle.
Kodol is prepared at the labora-
tories of E. C. DeWitt & Co., Chicago.

A Clean Man

Outside cleanliness is less than half the battle. A man may
scrub himself a dozen times a day, and still be unclean. Good
health means cleanliness not only outside, but inside. It means
a clean stomach, clean bowels, clean blood, a clean liver, and
new, clean, healthy tissues. The man who is clean in this way
will look it and act it. He will work with energy and think
clean, clear, healthy thoughts.
He will never be troubled with liver, lung, stomach or blood
disorders. Dyspepsia and indigestion originate in unclean stom-
achs. Blood diseases are found where there is unclean blood.
Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean
and healthy. It cleans the digestive organs, makes pure,
clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and
prostration. It contains no alcohol or habit-forming drugs.
Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pel-
lets cure it. They never gripe. Easy to take as candy.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features
of our service, to our subscribers and
to the public generally, is our connec-
tion with the extensive long distance
lines of the American Telephone and
Telegraph Company and the other as-
sociated Bell Telephone companies.

We own thousands of miles of long
distance lines in the seven States in
which we operate and in addition can
connect any telephone in our system
with lines extending to any other city
in which a Bell Telephone system is
operated.

These long distance lines are of the
most modern and improved construc-
tion and are maintained at a high
state of efficiency. The Bell systems,

operating in various sections of the
country, are uniform in their equip-
ment and in their methods of op-
erating.

Only by reason of this close traffic
arrangement between the Bell Tele-
phone companies is it possible to go to
a Bell Telephone almost anywhere,
ask for "Long Distance" and be put in
communication with almost any point
in the country.

This vast network of wires, radiat-
ing throughout the nation, is used
daily in commerce and for social pur-
poses by the banker, the farmer and
citizens in all walks of life and our
plant here is an important link in this
great chain.

THE ADVENT REVIVAL.

Congregations Increasing at Each Service—Forceful Sermons.

The revival meetings which began at the Advent Christian church, on East Main street, N., Monday night, are growing in interest each night.

Rev. Sweet, who is assisting Rev. J. T. Johnson, the pastor, in the work, is a logical and forceful speaker and his sermons have been enjoyable and instructive. The congregations continue to grow in numbers and the meetings give promise of proving a great spiritual uplift to the community.

Services are held each night, beginning at 7:30 o'clock, and a most cordial invitation is extended to the people of the city and public generally to attend.

Sunday School Picnic.

The representatives of the union Sunday schools of the city are requested to meet at Mr. W. W. Hampton's office this afternoon at 5 o'clock to discuss the invitation of the Palatka Sunday schools to meet them at Interlachen on May 7. A full and prompt attendance is desired.

Isn't there something which only a want ad. can do for you today?

We now have plenty of the best butter and buttermilk, which can be purchased from the wagon. Phone 251. The East End Dairy.

DeWitt's Little Early Risers, the best known pills and the best pills made, are easy to take and act gently and are certain. All druggists sell and recommend them.

Misses Hazel and Pattie Zetrouer, attractive young ladies of Rochelle, were in the city yesterday on a shopping expedition. They returned to their home in the afternoon.

N. A. Callison and wife have returned from a short bridal visit to several points of interest and will take up their home at Spring Park Farm, located only a few miles west of the city.

The monthly Mother's Meeting of the Woman's Christian Temperance Union will be held at the residence of Mrs. J. McKinty, West Masonic street, Tuesday, April 27th, at 3 p. m. All ladies cordially invited.

Col. Robt. E. Davis returned yesterday from a short business visit to the State metropolis. He states that the killing of Earl P. Adams, the actor, there on Tuesday afternoon created a great deal of excitement for a time.

L. S. Scoble of Jacksonville, freight solicitor for the Clyde Line, was here yesterday interviewing the merchants in the interest of the company he represents. He is a pleasant gentleman and has a large number of friends in Gainesville.

Mrs. W. C. Beville of Arredondo was in the city yesterday on her regular weekly shopping visit. She is assistant postmistress at Arredondo and assists her husband a great deal in the management of his various business enterprises at that point.

W. N. Wilson returned yesterday from Tampa, where he was called on business. En route home he stopped over at his grove on Lake Weir and is well pleased with the way the trees are looking, and feels certain he will have an extra fine crop of fruit the coming season.

Children especially like Kennedy's Laxative Cough Syrup, as it tastes nearly as good as maple sugar. It not only heals irritation and allays inflammation, thereby stopping the cough but it also moves the bowels gently and in that way drives the cold from the system. It contains no opiates. Sold by all druggists.

Mrs. John F. Cox and three children of Lakeland arrived in the city yesterday and for the next few days will be guests of the former's parents, Mr. and Mrs. F. P. Henderson. Mr. Cox is one of Lakeland's live and progressive business men, and for four terms had the honor of serving his town in the responsible position of mayor.

Sheriff P. G. Ramo has returned from Tallahassee, where he attended a meeting of the State Sheriffs' Association. He was honored by being elected vice-president of the association and feels that the organization will prove of great benefit to the sheriffs throughout the State. The association before adjournment drafted a number of resolutions embodying what they desire the Legislature to do in the way of making laws, some of which would prove beneficial to the State at large.

SENATORS WAX WARM OVER PROHIBITION BILL

**Senator Humphries Thinks That Liquor Interests
Have Had Sufficient Hearing.**

TALLAHASSEE, April 21.—The first tilt over the McMullen resolution calling for a prohibition constitutional amendment was the feature of Tuesday's session of the Senate. Senator Buckman of Duval and Senator Humphries of Manatee were the participants.

Senator Buckman was absent Monday when the McMullen resolution was passed from second reading on the engrossing committee's report, which is equivalent to passing to third reading on the calendar. Yesterday he attempted to have the resolution placed back on second reading on the calendar for amendment.

In the absence of Chairman McMullen of the temperance committee, Senator Humphries opposed such action. He took occasion to make a strong prohibition speech, attacking what he pleased to term the policy of allowing the liquor interests to throw their entire strength into Tallahassee against the Legislature to defeat the measure, and denouncing the methods which they might use. He declared that they had had a public hearing before the people of Florida for two years.

Senator Buckman held aloof from discussing the resolution, but main-

tained that it should be kept on second reading until after the public hearing before the committee Thursday. If Senator McMullen so chooses, the resolution can be called up for passage in the Senate this morning, the Senate having refused to entertain the Buckman motion by a viva voce vote.

Senate Bill No. 35, by Mr. Williams, for regulation of secret societies, was taken up as a special order. Woodmen of World, Farmers' Union, Elks, Knights of Pythias, Grand Lodge of F. and A. M. and subordinate lodges.

Senator Williams attacked the negro secret society and referred to instances in which such orders have protected criminals. "They do not grasp the noble principles of the secret society. It is them that are causing the present strife growing up between the young negroes and the whites. The negroes of today do not show the respect to white people that their grandparents did. The hills of old Leon have been dyed with the blood of whites slain by criminals sheltered by the negro secret society."

The bill was referred back to committee to be redrawn with amendments.

MORE HOPEFUL FEELING AMONG THE AMERICANS

**SENDING OF U. S. WARSHIPS IS
GREATLY APPRECIATED.**

The Advance Guard of the Constitutional Army Has Arrived on Outskirts of Constantinople.

CONSTANTINOPLE, April 21, 12:30 p. m.—The advance guard of the constitutional army has arrived on the outskirts of the city. The cabinet will meet this afternoon and proclaim martial law in the capital.

The administering of the oath to the troops still in the garrison is proceeding, in accordance with the demands of the constitutionalists. Furthermore, authors of the recent uprising are being sought out and arrested. In some quarters it is believed there is increasing possibility of arriving at an understanding which may result in reconciliation between the Young Turks and the Sultan.

Later reports from the Syrian coast show radical fanaticism is raiding the vilayet of Aleppo. Disturbances have broken out at Antioch and Bierjik and foreigners have taken refuge at the British vice consulates. The British cruiser has landed fifty men at Alexandretta. The authorities appear to be powerless effectively to control the situation.

The receipt of the news here that the American Government had ordered the cruisers Montana and North Carolina to Alexandretta, Asiatic Turkey, for the protection of Americans, has brought a sense of security to the Americans here and in the Syrian coast cities of Mersina, Beirut and Alexandretta.

It was declared in official circles this morning that pourparlers between the Government and the constitutional army promise a settlement. It is alleged that the army no longer insists on the withdrawal of the present ministry and the reinstallation of the Hilmi cabinet, but it does maintain its demand for the punishment of the author of the recent trouble.

NEGRO BOY FED BABY TO THE HOGS

INJURED THREE OTHER CHILDREN AFTERWARD WITH AXE.

Angry Because His Stepmother Left Him to Take Care of His Half Brothers and Sisters.

NEW ORLEANS, April 21.—Because his step-mother had left him at home near Opelousas, La., in charge of his young step-brothers and sisters, Tom Godfrey, a 12-year-old negro, fed the youngest of his charges to the hogs and later with an axe inflicted what will probably prove fatal wounds on the other children.

Three children were injured. The step-mother reported the crime to the parish authorities and Tom was placed in jail at Opelousas. She says she found the baby in the pen with the hogs when she returned home late Monday. Its hands and feet had been eaten off, but it was still alive.

She straightway whipped Tom and when she went for a doctor to attend the baby, Tom seized an axe and attacked his 6-year-old step-brother, inflicting several deep wounds. His young step-sister interfered and he crushed her skull with the axe. The girl is dying and the other two children have little chance for recovery.

Six hundred hogheads of leaf tobacco will be shipped from Pensacola about May 1 to Liverpool. The shipment comes from Kentucky and is being exported by a tobacco firm of that State.

HOUSE MEMBERS MAKE PLEA FOR ECONOMY

**Some Even Willing to Suffer Cut in Compensation.
Great Interest in Prohibition Bill.**

TALLAHASSEE April 21.—Superinduced by a resolution offered by Representative Light of Marion county, providing for a reduction of committee clerkships to five in number, the introduction of a volume of subsequent resolutions containing provisions for economy of legislative expenses metamorphosed yesterday's session of the lower branch of the Florida Legislature into something of a burlesque, which had its inception shortly after the House had been called to order and continuing throughout the morning session, being renewed at the afternoon session.

The proceedings of this character were not stopped until resolutions providing for an adjournment of the House sine die and a resolution providing for the abolishing of the Legislature had been introduced. The large chamber was well filled with visitors.

It contrasted very unfavorably with the impressive and dignified duties of nominating a United States Senator. However the House got down to actual work at 3:30 p. m. and some good results were obtained. A number of new bills and resolutions were introduced, while several bills were advanced on the calendar and others passed.

Mileage for Members.

Of special interest was the adoption of a resolution by Mr. Clarke of Jefferson and a substitute by Mr. Alexander of Volusia, as follows:

"Whereas, the railroad fare in the State of Florida is 3 cents per mile, therefore be it resolved, That the members of the House of Representatives shall be paid the sum of 3 cents per mile for every mile actually traveled in coming to and returning home after the adjournment of the session of 1909 and that the members of the House of Representatives shall be paid the amount actually expended for railroad fare in coming to and returning from the Legislature of 1909."

The report of the joint commission appointed by the Legislature of 1907 to investigate the affairs of the Trustees of the Internal Improvement Board is made a special order for 11 o'clock this morning. The report is highly interesting. The House will receive the report and order copies of the same printed.

Mrs. Bunch Met Tragic Death.

FERNANDINA, April 21.—A runaway accident here yesterday resulted in the tragic death of Mrs. Bunch, from O'Neal. The two sons of Mrs. Bunch were on trial at this session of the court here for having tried to wreck a handcar and had been released from custody. Their mother had come into town in a buggy and the horse took fright running away and throwing her from the buggy, while she was dragged some distance, her head between the wheels and her

body partially in the vehicle. The unfortunate woman was released and taken into the house of Dr. Waas, near which place she was passing when the accident occurred. She died about 4:30 o'clock.

St. Petersburg has decided through its council that it doesn't need a revision of its charter, thus saving the Legislature that much work at the present session.

The Tampa Yacht Club is to bond for \$10,000 to build a better home.

At the afternoon session the following resolution was introduced:

House Resolution No. 62, by Robertson of Suwannee—That the committee on legislative expenses be instructed to prepare a measure providing that compensation for members and attaches of the House be not more than \$5 per day.

Mr. Miller of Lake thought the resolution out of order in that it should be a joint resolution.

Mr. Robertson made a strong argument in favor of the resolution, in which he cited the fact that the members of the legislatures of a number of States received much less, and that the members of the British parliament served without pay.

Mr. Davis of Madison believed that the members, whether they came from the farm, the law office or the mercantile establishment, lost money by attending the legislature. "I am in favor of economy, gentlemen, but I am not in favor of false economy. I contend that \$5 per day is small enough for any man to come here and give up his business in order to do so."

Mr. Dupont of St. Johns said: "The people of the State would not kick if we received \$10 per day, provided we did something, but to devote our time and energies to such frivolous matters as we have so far today, we are not entitled to a cent's compensation."

This resolution was lost.

Mr. Hatcher of Columbia offered a resolution that if there were any members present who thought \$5 per day too much compensation, that such members be urged to go to their homes and talk economy to their constituency.

This resolution was ruled out of order.

Popular Young Actor Is Slain By Jealous Woman

JACKSONVILLE, Fla., April 21.—Following closely on the heels of an announcement of the approaching marriage of Earl P. Adams, a popular actor and stage director of the Mabel Paige Company, now playing in this city, to Miss Elizabeth Bagley, Miss Jessie Brown, a well-known young woman to whom Adams had been previously engaged, shot and killed him yesterday afternoon, when, it is alleged, Adams went to explain to her the approaching marriage to Miss Bagley. Adams was shot several times by Miss Brown and he died almost instantly.

Miss Brown was arrested and placed in the county jail.

One peculiar feature of the case is that Miss Brown is a sister of Miss May Brown who was killed here in 1905 by her lover, who at the same time shot her mother, Mrs. Freeman, and Detective Cahoon.

Mr. Adams was with the Mabel Paige Company when they appeared at the New Baird Theatre in this city several months ago, and made numerous friends here who will regret to learn of his death.

Railroads to Discontinue Issuance of Mileage Books

ATLANTA, April 21.—Because persons who travel long distances, 1,000 miles or more, have been in the habit of purchasing 1,000-mile books at 2 cents a mile instead of paying the straight 2½ cents a mile fare, it is stated here the railroads propose to withdraw the 1,000-mile book at 2 cents on June 1.

It is also stated that the 2,000-mile

book at 2 cents which may now be used by five persons, one at a time, will be amended so that it will be good for only one individual. It is expected the proposed changes will bring strong protest from the traveling men.

A little want ad. will accomplish big results.

Carbolic Acid Takes The Life of Baby Girl

COLUMBUS, Ga., April 21.—Mary Ann Henderson, the two-year-old daughter of W. J. Henderson, while playing on the floor of their home on Eighteenth street, crawled under the bed and found the family medicine chest, which had been pushed there to be out of the way.

Opening the chest the child found a half-ounce bottle of carbolic acid, and child-like proceeded to drink the contents, swallowing about half the acid. The little girl died afterwards in great agony. Mr. Henderson was ill at the time and her condition is now quite serious.

D. U. Fletcher Elected Senator By Legislature

TALLAHASSEE, Fla., April 21.—Duncan U. Fletcher was elected United States Senator from Florida by the unanimous vote of the two houses of Legislature at noon yesterday in accordance with the nomination made in the primaries last spring. John Beard, of Pensacola made the nominating speech in the Senate and Frank

Chase of Jacksonville seconded by John Neely of Tallahassee, in the House. Neely spoke at some length.

The only feature of the election was when Representative Alexander of Volusia cast his vote. He explained it, saying that he wanted to vote for Napoleon B. Broward, but could not under the primary laws and customs.

WILLIAMS HAS CLUE TO STOLEN MONEY

GONE TO JACKSONVILLE TO INVESTIGATE ARREST THERE.

High Springs Parties Confident That the Right Man Has Been Caught by Officers.

Parties from High Springs arriving in Gainesville Monday stated that J. W. Williams now has a clue as to who "appropriated" his money in that place a few days since.

He had received information from Jacksonville of an arrest and as the party had about the same amount of gold money on his person that Mr. Williams had lost, he has gone to Jacksonville to make an investigation. The whole amount is similar to that which was taken from his clothing while he was asleep in his room.

Following is The Times-Union account of the arrest, which appeared in that paper on Monday, the 19th:

"John Brown, the white man arrested by Policeman Tipton Saturday afternoon and who had \$410.50 on his person when searched at police headquarters, is still locked up. He is being held on a charge of carrying a concealed weapon and the police will not allow him to furnish a cash bond for his release.

"Brown continues to maintain his silence and says he will not tell his business to the police. In looks he is a regular hobo. He was wearing two cheap suits of clothing and went to the woods for sleep instead of renting himself a room in the city. His actions are very suspicious and the police are inclined to believe that he is not just what he should be. His case will be thoroughly investigated before he is released from custody.

"The police have been advised of a robbery that occurred at High Springs last Monday morning. J. W. Williams was asleep in his home when someone slipped into the house and stole \$490 from his room. The police are now trying to see if there is any connection between the robbery and the stranger.

"The man under arrest cannot tell the police of his whereabouts for the past two weeks. He first said that he had been working for a farmer near Thomasville, and a little later he said he came to this city from Texas. He next stated that he made his money 'trapping.' At the time of his arrest he carried a pistol, razor and large knife."

SURE CATARRH CURE

Brings the Forests of Pine and Eucalyptus to Your Home.

Germs cannot live when Hyomei (pronounced High-e-me) is used. You just breathe in this soothing yet most powerful antiseptic air and relief is immediate. It is exactly the same air as you would breathe in the forests of pine and eucalyptus of Australia where catarrh or consumption was never known to exist.

If you have catarrh and are constantly embarrassed because you must hawk, spit and snuffle, surely you will give Hyomei the attention it deserves, when J. W. McCollum & Co. will guarantee this pleasant remedy to cure all this distress and humiliation, or will give you your money back. Hyomei kills catarrh germs, it relieves the soreness and distress in five minutes. It stops hawking and snuffing and makes you feel like a new man in a week. It is the surest and most satisfactory catarrh treatment known and gives comfort and relief to consumptives.

A complete outfit, including inhaler, costs but \$1.00, and extra bottles, if afterward needed, cost but 50c. A few minutes' time each day is all you need to quickly cure the most chronic case. Hyomei is sold by leading druggists.

MI-ONA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach diseases or money back. Large box of tablets 50 cents. Druggists in all towns.

WORK PROGRESSING ON LAYING RAILS

HAVE REACHED AS FAR SOUTH AS REDDICK ALREADY.

At Present Rate It Will Only Require Few Weeks to Distribute the Entire Distance.

Work has commenced in earnest on the relaying of new seventy-pound steel rail from Gainesville south over the A. C. L. railway.

Already the crew working upon this important improvement have scattered rails for a distance of about thirty miles, now being close to Reddick, and it is expected that the crew that will make the changes will be placed in commission within the next few days.

When this improvement will have been completed it will afford a much better service through Gainesville for the heavier trains that have heretofore been hauled over the West Coast division, and will no doubt be the means of many extra trains over this route.

While the rails are not all new, they are sufficient, having been used only a short while before being taken up from another division where heavier rails were placed.

The people all along this line are pleased with the improvement, believing that it will be the means of a much better service.

A Baby Show in Gainesville

Would have many contestants; but it's safe to say that the healthiest baby would win the prize. No baby can be healthy who suffers from worms, and most babies do unless they are kept free from them with White's Cream Vermifuge. Acts quickly, yet mildly—is its own purgative. Mothers, don't attempt to raise children without White's Cream Vermifuge. Price 25 cents. Sold by W. M. Johnson.

Death of An Old Confed.

News was received here Monday of the death of Wm. Knoblock of Martin, deceased being in his seventy-fifth year. He was a Confederate veteran and will be remembered here by quite a number of old soldiers who were with him during the war. He had been confined to his room for many weeks and his death was not unexpected.

Eminent Authorities Say

That out-door exercise is needed by the American people. That's all very well, but how can people with rheumatism follow that advice? The answer is very simple—use Ballard's Snow Liniment and the rheumatism will go, leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back. Sold by W. M. Johnson.

Marshal Kills Dog.

Marshal Arnow was called upon Monday to kill a "mangle" dog that has attracted considerable attention about the streets for several days. The dog was sick and looked as if it had been almost starved to death, and the officer thought it an act of kindness to put it out of misery.

UNION PICNIC WILL BE HELD IN MAY

WILL JOIN PALATKA SUNDAY SCHOOL FOR ONE BIG DAY.

Excursion to Be Run from Each City on This Date—Gainesville Train Leaves Early.

Arrangements have been completed for the grand union Sunday school picnic, which will be held at Interlachen on May 7th.

As is their usual custom, all the Sunday schools of the city will unite in having one big, grand day, and this season has been improved upon in that they will also meet the union picnic party from Palatka at Interlachen, the good people there kindly tendering them the grounds and all privileges for this occasion.

A special train consisting of ten coaches has been arranged for, which will depart from Gainesville early in the morning and return late in the afternoon, giving nearly the entire day at this beautiful little spot surrounded by lovely lakes and trees, besides possessing picturesque grounds especially arranged for such purposes.

The town improvement society of Interlachen have kindly consented to donate free of charge the grounds and all necessary tables, but they reserve the right to sell ice cream, which proceeds will go toward the fund of the cemetery association of that place.

Palatka Sunday schools have also made a similar arrangement with the citizens of Interlachen and they, too, will have a special train from the Gem City and meet at this spot, and it promises to be a gathering of about 1,500 or more children and "old folks" to enjoy one real day of pleasure.

All the public schools of the two cities will adjourn for the day and give the scholars an opportunity of attending the picnic, which will add largely to the crowds, and as the railroad fare will be a small item, it is needless to add that a great many will take advantage of the outing.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Fell From Moving Train.

A young white man, whose name could not be learned, is reported to have fell from a moving train between Palatka and Rochelle last Sunday. It was stated that he was full of "booze" at the time, but nothing could be learned as to how badly he was injured. The accident happened near Edgar station.

One-Quarter of a Pound a Week

At least, is what a young baby ought to gain in weight. Does yours? If not there's something wrong with its digestion. Give it McGee's Baby Elixir. Cures stomach and bowel troubles, aids digestion, stops fretfulness, good for teething babies. Price, 25c and 50c. Sold by W. M. Johnson.

A little timely help wisely given, when a man is in danger of falling morally or in his business would, in many cases, help him to keep his feet and retain his integrity.

REAL ESTATE IS NOW EXTREMELY ACTIVE

MORE CHANGES THAN EVER IN
SAME LENGTH OF TIME.

Auction Sale of Past Week Has Put
a Move on City Property.
Parties Re-sell.

Real estate has been more active in Gainesville during the past few days than for many months, due largely to the auction sale of city lots inaugurated last Thursday.

From the number of lots sold, some twenty-five have changed hands since the sale, and the parties have all made good profits on their transactions.

There is a great amount of work in contemplation for the coming summer, and a number of contracts have already been let for residences and business houses.

Gainesville property is as good as gold bonds and outsiders find it to their advantage to purchase, as they can easily double the investment within a short while.

Following is a partial list of the changes for Friday and Saturday, as taken from the books in the recorder's office:

W. H. Holdridge to J. L. Albritton; W. H. Holdridge to John Williams; J. L. Albritton to John Williams; J. W. Patton to G. K. Broome; B. R. Colson to L. I. Brooks; J. E. Haynesworth to L. V. Polk; J. Jackson, as guardian, to Chas. Pinkson; H. P. Langley to J. K. Eddins; Colson & Hodges to T. B. Stringfellow; Colson & Hodges to Wm. Campbell; Alice C. Thomas to H. K. Hill.

Some people think they have convictions when in truth they have but opinions. Opinion is temporary and superficial while conviction is deep rooted and lasting.

ITCHING SEEMED TO BE INCURABLE

Terrible Red Patches on Face and Arms Made Victim Ashamed to be Seen—Suffered Intensely for Ten Months—Expert Treatment Gave No Relief—Two Sets of the

CUTICURA REMEDIES ENTIRELY CURED HER

"About two years ago I contracted eczema and suffered intensely for about ten months. At times I thought I would scratch myself to pieces. My face and arms were covered with large red patches, so that I was ashamed to go out. I was advised to go to a doctor who was a specialist in skin diseases, but I received very little relief. I tried every known remedy, with the same results. I thought I would never get better until a friend of mine told me to try the Cuticura Remedies. So I tried them as the last resource, and I am very glad that I did, for after four or five applications of Cuticura Ointment I was relieved of my unbearable itching. I used two sets of the Cuticura Remedies (Soap, Ointment and Pills), and I am completely cured. I always recommend Cuticura to any one that is suffering and in every case it seems to cure. Miss Barbara Kral, 629 Mt. Pleasant Ave., Highlandtown, Md., Jan. 9, '08."

Fretful Babies Suffering from Skin Humors, Soothed to Sleep by Cuticura.

NEWBERRY NOTES.

NEWBERRY, April 20.—Dr. and Mrs. J. F. Ruff and little son are home again, after a week's visit to relatives at Pensacola.

Misses Ola Studstill and Eloise Smith returned Friday from Bronson, where they spent several days visiting friends and relatives.

Mrs. Chas. Green of Jonesville was shopping here Saturday.

Miss Annie Price of Wade is here, a guest of her aunt, Mrs. Bryant Smith.

Master L. R. Weeks, the interesting little son of Dr. and Mrs. Weeks, of Trenton, spent a few days here last week, a guest of his aunt, Mrs. Tucker.

Miss Lillie Scarborough of O'Brien was last week the guest of Mrs. Peacock and family.

Mrs. Code Weeks and little son, William L., are home again after a pleasant visit to the former's parents in Gainesville.

Burke Methvin of Dunnellon is here for a few days, the guest of his sister, Mrs. F. D. Alley.

A Knocker

Is a man who can't see good in any person or thing. It's a habit caused by a disordered liver. If you find that you are beginning to see things through blue spectacles, treat your liver to a good clean cut process with Ballard's Herbine. A sure cure for constipation, dyspepsia, indigestion, biliousness, all liver, stomach and bowel troubles. Sold by W. M. Johnson.

Returns to Gainesville.

G. A. Blanc has returned to the city from Volusia county, where he spent the past several months superintending a large celery farm for parties there. He states that from three acres planted to this vegetable there was \$4,000 cleared and the farmers generally were successful the past season. He is a landscape gardener of rare ability and will make Gainesville his home until next season.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. J. W. McCollum & Co.

Having Front Changed.

Nic Francisco, the banana man, is having the front of his store building torn out and will have it entirely remodelled and arranged to accommodate his largely increasing business. He states he is making the change so the people may see a first-class fruit store, run as it should be, and expects to make it the leading fruit store of the State.

During the spring everyone would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. J. W. McCollum & Co.

COMMISSIONERS ARE ELECTED BY FIREMEN

HELD AN INTERESTING MEETING
MONDAY FOR PURPOSE.

First Time Such Action Has Been
Taken, Although the Ordinance
Specifies It.

From Wednesday's Daily:

At a called meeting of the firemen Monday evening, the department got down to business and elected a board of fire commissioners, an item that has long been overlooked but which is specified in the ordinance governing the department.

It is the duty of this board to perfect rules and by-laws governing the firemen and they will at once commence this work.

The board selected is composed of Chief N. E. Benson, First Assistant Chief A. M. Cushman, Second Assistant Chief S. L. Gerdine; Foreman I. V. Wiggins of Hose Company No. 1, Assistant Foreman of Hose Company No. 1 W. T. Zetrouer, Foreman A. W. Sargent of Hose Company No. 2 and Assistant Foreman E. A. Taylor of Hose Company No. 2.

They will draft laws to govern the department in general and rule upon all offenses not in accordance with its regulations.

Notice of Election.

Notice is hereby given that an election will be held at Micanopy, in Special Tax Sub-Road District Number One, on Tuesday, May 18th, A. D. 1909, to determine who shall be Road Trustees for the fiscal years 1909 and 1910 and the rate of millage to be collected for the above-mentioned years. O. L. Feaster, S. H. McCollum and Thos. McCredie are hereby appointed inspectors for the above election.

Done by order of the Board of County Commissioners, Alachua county, Florida, this 7th day of April, A. D. 1909.

JOHN G. DAMPIER,

Chairman.

By the Clerk, Attest:
S. H. WIENGES.

LETTER TO W. W. AVERA, Gainesville, Florida.

Dear Sir: The point is right here: Every job painted Devoe takes less gallons than of any other paint.

If any one doubts this statement he may paint half his job Devoe, the other half any paint he likes.

If Devoe half doesn't take less gallons and cost less money, no pay.

Yours truly,
F. W. DEVOE & CO.
P. S.: The Gainesville Hardware Co. sell our paint.

NOTICE.

Take notice that I will, on the first Thursday of July, A. D. 1909, or as soon thereafter as I may be heard, apply for a pardon for Oscar Hopkins, who was convicted at the spring term of the Circuit Court for Alachua county in 1905 of murder in the second degree. Anyone desiring may then be heard on the merits of the application.

WILLIAM C. HODGES,
Attorney for Petitioner.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. J. W. Must Leave the City.

In the Mayor's court Hesse and Mabel Clarke were required to leave the city or be sentenced to jail, but the case against the Lowler woman was dismissed as she exhibited a marriage certificate. Both were charged with keeping houses of ill-fame.

Two Million Bottles

of Perry Davis' Painkiller sold every year. Think of it! And every bottle is lessening suffering and helping some human being to health and happiness! This wonderful household remedy stops the pain of sprains, burns or bruises. It relieves rheumatism or neuralgia. It cures colds, cramps, colic, diarrhoea. There ought to be a bottle on your shelves just now, ready for the first sign of trouble. The new size bottle is 35 cents and there is also the 50-cent size. Be sure your druggist gives you Perry Davis'.

Let Me Tell You Something

A woman who is sick and suffering, and won't at least try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is to blame for her own wretched condition.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read what these women say:

Camden, N. J. — "It is with pleasure that I send my testimonial for Lydia E. Pinkham's Vegetable Compound, hoping it may induce other suffering women to avail themselves of the benefit of this valuable remedy."

"I suffered from pains in my back and side, sick headaches, no appetite, was tired and nervous all the time, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound made me a well woman—and this valuable medicine shall always have my praise."—Mrs. W. P. Valentine, 902 Lincoln Ave., Camden, N. J.

Erie, Pa. — "I suffered for five years from female troubles, and at last was almost helpless. I tried three doctors but they did me no good. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and it has made me well and strong. I hope all suffering women will just give Lydia E. Pinkham's Vegetable Compound a trial, for it is worth its weight in gold."—Mrs. J. P. Endlich, R. F. D. 7, Erie, Pa.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

WHITE HOUSE HAS A COLD STORAGE SYSTEM

The White House now has its own refrigerating plant and not only does its own freezing, but will shortly be prepared to make the ice used in the hotel.

Major Thomas has just had installed a new machine and a patent ice box and cold storage plant that will enable the management to better keep all fresh meat, butter, cheese and other perishables consumed in this popular hostelry.

The machine is one of sufficient capacity to freeze all ice needed and to furnish cold storage for all purposes with but little additional expense. At the present rate it will only be

question of a short while before the entire lot owned by the White House will be taken up in building, as the new eight-room addition is not completed and still more will be added if the present increase in business continues.

Major Thomas is of the opinion that the installation of this new refrigeration plant will better enable him to take care of the fresh meats and other supplies consumed in the business.

Last call! The prohibition bill is on third reading.

The Legislature and the weather are both growing warmer.

The Governor's reception occurs to-night. Everybody's invited.

The Miami Metropolis states that a wireless telephone system is to be established in the Magic City.

The Fourteenth Annual Convention of the Florida Division, United Daughters of the Confederacy, will convene at St. Augustine on May 5th.

The Tallahassee True Democrat says: "If every county in the State was as well represented in the Legislature as Alachua there would be no fear of dangerous legislation."

The bishop who recently condemned the style of hats women are wearing this year may be credited with possessing a great deal of courage, but experience should have taught him that any masculine onslaught on feminine fashion in hats and dress avails nothing.

Dogs affected with rabies have made their appearance in several South Florida towns. Gainesville has some protection against rabid canines, as the ordinance relating to muzzling of dogs can be made effective by the mayor at any time he deems advisable.

As warm weather approaches the authorities should see that all alleys are cleaned up and kept clean. De-caying fruit or vegetables are not conducive to good health and should not be thrown in out-of-the-way places, but placed where the garbage wagons can handle them.

The Florida truck growers have fared better the present season than for many years. The Wauchula Advocate says: "The Wauchula banks are cashing four to five thousand dollars worth of foreign checks a day; checks brought here by the products of our farmers." Encouraging reports come from almost every section, and the growers as a rule have no complaint to make.

The Sun notes with pleasure that an increasing number of the Florida papers are printing the bulletins issued from the Florida Agricultural Experiment Station. The purpose of the station is to further the interests of those engaged in agriculture, horticulture and stock-raising and the more publicity given the bulletins the more good will accrue to the people of the State.

General Booth of the Salvation Army has only recently celebrated his eightieth birthday. The amazing vitality and activity he displays and the plans he is making for a visit to this country show that he has no intention of being "Osterized." While General Booth is conspicuous he is by no means an exceptional example of active and useful old age. In every walk of life men of mature years are to the front with no slacking of enthusiasm and with the ripe wisdom of experience.

CASTRO AND VENEZUELA.

Certain newspapers which are longer on theories than common sense are seeking to make a martyr out of Cipriano Castro, former President of Venezuela, and are indulging in unbridled criticism of the Government for exerting its good offices to prevent Castro's landing in the vicinity of his former country in order to stir up trouble and if possible foment a revolution with the object of securing his own restoration to power.

All their arguments sound very well on paper, but they won't stand the test of good, hard common sense. Cipriano Castro undertook to make an outlaw of a nation. Under his administration, Venezuela violated every tenet of international law, disregarded every obligation, paved the way for European invasion and gave the United States ample warrant to bombard her cities and seize her custom houses. The United States, with great forbearance, refused to believe that Venezuela was inherently dishonest and not only refrained from administering summary justice to the contumacious little republic, but exercised its good offices to prevent foreign nations, which had ample provocation, from doing so. The position of the United States, consistently adhered to, was that Castro was the outlaw, that given sufficient rope he would hang himself and that when his power was gone, Venezuela would evince the same disposition to deal fairly and honorably with other nations as other South American republics.

Time has demonstrated the accuracy of that estimate. Castro is an outlaw and Venezuela under the lead of her new President has shown every disposition to settle her debts and deal honestly with this and with other countries. Why then, should Castro be an object of sympathy and why should not the United States, partially as a means of protecting its own rights, take such steps as may be necessary to prevent the outlaw from again securing control over Venezuela's affairs?

OUR BEST WISHES ATTEND HIM.

Under the above caption The Tallahassee True Democrat says of Dr. Murphree:

"It was with a feeling of utter consternation that Tallahassee received the news on Sunday morning of the election of Dr. A. A. Murphree to the Presidency of the Florida State University, at Gainesville, and his subsequent acceptance of the appointment. "Dr. Murphree has so long been a resident of Tallahassee, has become so identified with it by marriage and business interests, and is so valued as the organizer and chief support of the splendid institution that has been built up under his administration, that, in the first shock of the knowledge that he would sever all these connections in a few weeks' time, it was as though a great calamity had befallen the Capital City and the College of which its people are so proud. "Dr. Murphree has been a faithful steward, and he has received his reward in the excellence and wonderful growth of the college for which he has worked so conscientiously and untiringly. He has won unstinted respect from patrons, faculty and students, and his record here should be, and doubtless will be, the best recommendation that the University could possibly demand from its new president."

THE ALDRICH SUBSTITUTE.

The Aldrich substitute for the Payne tariff bill has been completed, or practically so, and made public. The Democratic members of the Finance Committee were given no opportunity even to read the bill before it was reported to the Senate, the majority, solely by virtue of superior numbers, voting down the motion of Senator Bailey to postpone a report until time should be afforded the Democrats to examine the measure and at least present their views to the committee.

This course was typical of the high-handed methods which the majority has pursued throughout the consideration of the measure. The Democratic members of the committee were given no opportunity to examine witnesses, or even to hear their testimony and, as Senator Aldrich put it, "The majority expects to assume the full responsibility for the bill."

Capt. Peter C. Hains is now on trial at Flushing, N. Y., for the murder of William E. Annis last August. The defense will use the insanity plea.

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. J.C. Ayer Co., Lowell, Mass.

Constipation is the one great cause of sick-headache, biliousness, indigestion, bad breath, debility, nervousness. Has your doctor ever recommended Ayer's Pills to you?

WALKING A BEAT.

Walking a beat is an easy job, but it tends to give the policeman a false perspective, says The Miami News-Record.

After some years of sauntering up one side and down the other his beat becomes to his mind the center of the world, the hub of the universe.

The happenings of the day are important relatively as they bear on the interests of the people on his beat.

But it is not only policemen that walk beats.

Nearly every man of us has his little beat which he patrols.

He goes from his home to his place of business, and from his place of business to his home.

He sees the same people and does the same things day after day.

So each woman, too, patrols her beat.

She has a routine of household and social duties from which she seldom departs.

On certain days she does certain things as if she were a slave to her sense of order and the customs which she has established.

And, like the policeman, each one of us is apt to view all creation from his particular beat.

The mind which instinctively lays out a routine and establishes habits in every set of conditions is often misshaped by its own routine.

In order to prevent the mind from becoming permanently distorted every person should go away from his beat, once in a while, and view the world from some new coigne.

The business man should take up some recreation. The mechanic should take an annual vacation in the country. The farmer should spend a few weeks every year in the city. The city lawyer should experiment with farming. The housewife should go to a hotel once in a while for dinner.

Such departures from routine should send the blood through unused

corners of the brain and tend to prevent the atrophy of faculties which are not employed when one is regularly patrolling one's beat.

They prevent the mind from becoming a mere animated tool, fitted for the performance of certain routine operations and in all other respects ossified.

The Railroad Commission, in answering a request for a new passenger depot nearer the business center of Starke, states that the Seaboard Air Line being in the hands of receivers seriously embarrasses the Commission in the matter of enforcing orders against the railroad and deems it advisable to let the matter stand for the time-being, since the railroad company did erect a new passenger station in Starke a few years ago. The Commission is endeavoring to render assistance in every way possible to the people of the State, but are without power to bring action in the State courts against the Federal receivers of the Seaboard to compel compliance with an order of the board as they are under the jurisdiction of the Federal judge.

The Wisconsin Legislature has killed the "long sheet" bill, which required that all hotels and boarding houses in the State should furnish each of their beds with two sheets of a minimum length of eight feet, says The Savannah News. If long-sheet, individual towel and long-shirt-tail bills could be got through all of the legislatures, the demand for cotton the South's great crop, would be considerably stimulated.

Upon remarking that fifty-three doctors are to graduate, The Atlanta Journal says "hold to your pocket-books and run for your lives."

Real \$1,000 fines are being used as eye-openers for some of the Georgia "blind tigers."

PROHIBITION BILL IS ADVANCED BY SENATE

TALLAHASSEE, April 20.—Without opposition, the concurrent resolution offered by Senator Don. C. McMullen of Tampa, providing for a constitutional amendment in order to submit the question of State-wide prohibition to a vote of the people of Florida, was advanced on the Senate calendar to third reading Monday morning. All opposition was seemingly held back until the measure goes on third reading for passage.

A strong discussion between Senator Beard and Senator Harris took place over the latter's bill, giving the State Board of Health very extensive powers in the making and enforcing of rules and regulations for the protection of the health of the State. Senator Beard held that the measure is too sweeping. It was finally referred back on the calendar to second reading in order that it may be amended.

Among bills on second reading were the following:
Senate Bill No. 107, by Crill—Relating to cohabitation. Reported unfavorably but with substitute. Substitute adopted. To third reading.
Senate Bill, No. 102, McCreary—relief of W. A. Snowden of Micanopy. Laid over by request.

Senate Bill, 105, Crill—Prohibiting prostitution of females, under 18 years of age. To third reading.

Senate Bill, No. 109, Crill—Relating to enticing away unmarried females for prostitution. To third reading.

Senate Bill No. 46, Massey—Requiring teachers' summer training schools, and making annual appropriation of \$4,000 for maintenance at University, College for Women and Colored Normal School. On table by request.

NEW TRAIN SERVICE OVER THE COAST LINE

WILL PROBABLY BE INAUGURATED THE FIRST OF MAY.

Parties Visiting Jacksonville Can Spend Almost Entire Day in the Metropolis.

Through the untiring efforts of Superintendent H. O. McArthur Gainesville will continue to have a first-class passenger service over the A. C. L. railway and the traveling public will be enabled to go and come at their will between Ocala and Jacksonville.

The new schedule which is now being arranged will be operated during the summer months, and it is proposed to start this service after the through trains are taken off, which will be about May 2, or sometime thereafter.

There is nothing definite about the arrangement of the schedule of this service, but it is understood that the train for Jacksonville will leave Ocala about 6 a. m. and arrive at Jacksonville about 10 a. m. For the return trip the train will leave Jacksonville at 4 o'clock p. m. and arrive here in ample time for supper.

By the operation of this service it will enable the traveling public to go and come at their will from Gainesville, and would be the means of adding a convenience to all sections along the line. It will prove especially beneficial to parties that will have business in Jacksonville, as it will give almost the entire day there.

No other trains will be affected by this service except Nos. 37 and 38, which are the regular winter tourist trains and which will again be placed in commission next season.

That the trains will be placed in service there is hardly any doubt, but the exact schedule has not been agreed upon. The citizens of Gainesville are indebted to Superintendent McArthur for what he has done in their behalf to secure a first-class service in and out of this city. It will give three trains daily each way between all local points within a radius of thirty miles, and shoppers will find it especially convenient.

A CASE OF INFLAMMATORY RHEUMATISM

"Some ten weeks ago a sudden pain came in my right arm," writes Mrs. Marguerite Rau, 623 Franklin street, York, Pa. "The doctor called it inflammatory rheumatism. For about seven weeks I doctored with different remedies without getting any relief. My arm was swollen from the elbow to the tips of my fingers and was all black and blue and looked as though there was something drawing at the elbow and as if it would break open. The pain was so great that I could not sleep. I finally bought a bottle of Sloan's Liniment and that gave me relief at once. I have used three 25c bottles and am now using a 50c bottle."

"I feel that my recovery is due to Sloan's Liniment. It did more for me in three weeks than all the other doctoring I ever did."

Before it slips your memory buy a bottle of Sloan's Liniment. There are three sizes, 25c, 50c and \$1.00. Every druggist carries it in stock.

VICTIMS OF MASSACRE NUMBER FIVE THOUSAND

CONSTANTINOPLE, April 21.—No less than 5,000 persons lost their lives in the massacres that have been going on in the vilayet of Adana during the past eight days as a result of the outbreak of Moslem fanaticism. Of this total 2,000 were killed in the city of Adana, more than 200 of the victims being Moslems.

This information is received in Constantinople through consular channels. Adana at present is quiet, but there have been renewed attacks on Christians at Marash in the vilayet of Aleppo, about eight miles northeast of Alexandretta. The consular advisers describe the situation as extremely precarious. The excitement at the port of Alexandretta is intense, although the presence of the British cruiser Diana at that port is expected to have a tranquillizing effect.

CONTEST IS PROVING EXCITING FOR ALL

TWENTY-SEVEN ENTRIES WERE
MADE ON WEDNESDAY.

Friday and Saturday Will Be Heavy
Days, as The Weekly Sun
Will Be Out.

The second day of the great Co-Operative Contest was even greater than was expected and in all there were twenty-seven new candidates nominated in the contest.

The prizes offered are all very pretty and expensive, the pianos being the celebrated Williams and the diamond ring will be over one carat of the best quality, so you can go to work knowing that you will be well paid for the time and trouble if you should prove a winner.

As has been stated before, this contest will be the largest ever conducted in this section of the State, and the way that the young ladies from the country are entering the contest proves that it will be successful.

As many candidates as desire from different sections of the county can participate in the contest, but no one residing in Gainesville can be placed in nomination for one of the pianos. They are distinctly separate and for those residing in the sections outside of Gainesville.

By starting right away you will find that you can soon "pile up" a mammoth vote, and need have no fear that all will not be equal, for the management have wisely divided the sections in order that Gainesville will not interfere with the smaller places in this great race.

Three sections will be embraced, the diamond ring going to some girl residing within the Gainesville section, this including the city and everyone within a radius of four miles.

The Eastern and Southern section will include Fairbanks, Waldo, Orange Heights, Campville, Melrose, Island Grove and everything up to and including Micanopy, and the Tacoma and Wacahoota sections—for this part the young lady receiving the largest number of votes will be awarded a handsome Williams piano—value \$350.

The Western and Northern section will include Hague, Alachua, High Springs, Newberry, Trenton, Wannee, Bell, Wilcox and Archer and all communities embraced in this section. To the young lady receiving the largest number of votes here another fine Williams piano will be given, valued at \$350.

Votes can be secured at the following stores:

Gainesville Furniture Company, furniture.

Phifer & Morris, clothing and furnishings.

Gainesville Hardware Company, hardware and plumbing.

Mrs. F. T. McCormick, millinery.

W. M. Johnson, drugs and patent medicines.

L. C. Smith, shoes and jewelry.

Mrs. R. Wilson, dry goods and notions.

Saunders & Earle, groceries and feed stuffs.

Crawford & Davis, livery and sale stables.

P. Y. Smith, fresh meats.

City Bakery, bread and pastry.

The Sun, printing and publishing.

THE ADVENT REVIVAL.

Congregations Increasing at Each
Service—Forceful Sermons.

The revival meetings which began at the Advent Christian church, on East Main street, N., Monday night, are growing in interest each night.

Rev. Sweet, who is assisting Rev. J. T. Johnson, the pastor, in the work, is a logical and forceful speaker and his sermons have been enjoyable and instructive. The congregations continue to grow in numbers and the meetings give promise of proving a great spiritual uplift to the community.

Services are held each night, beginning at 7:30 o'clock, and a most cordial invitation is extended to the people of the city and public generally to attend.

PREFERRED DEATH TO PRISON SENTENCE

DR. ROSA S. MONNISH OF ATLANTA KILLS HERSELF.

Had Been Sentenced to the United States Prison for a Year for Sending Threatening Letters.

ATLANTA, April 20.—Preferring the chill of the grave to the chill of a prison cell and the shroud to the garb of a convict, Dr. Rosa S. Monnish drank prussic acid and died yesterday an hour after she had been sentenced to serve two years in the Federal penitentiary at Leavenworth, Kans., Deputy United States marshals, in whose charge she had been placed, found after they had broken open the door to her room. Mrs. Monnish had been more or less in the public eye in the South for several years. She built a sanitarium in the most aristocratic part of Atlanta, a few years ago, despite the efforts of neighbors to prevent the opening of the place. Later, her methods came under the scrutiny of the postoffice inspectors, but it was not until she had trouble with her husband that the officers could get evidence against her. They charged her with sending improper and threatening letters to a young woman and secured her conviction. Her attorneys applied for a new trial and it was overruled yesterday morning by Federal Judge Newman, who at once sentenced Dr. Monnish to serve one year and one day in prison and to pay a fine of \$1,000 on each of two counts.

Dr. Monnish fainted when the sentence was imposed but recovered and asked to go to her room. The officers consented, simply stipulating that they lock her in her room and remain on guard outside. While her attorneys were preparing an appeal bond, she accompanied the officers in a cab to her room. About 2 p. m., the guards called to her to come to luncheon. Receiving no reply, they forced the door and found their aged prisoner dead on her bed.

Dr. Monnish was 60 years of age and besides her husband, also a physician, she leaves a daughter, Jeanette, aged 13.

Col. Patten, a Lieutenant in the Old Guard, an exclusive organization composed of soldiers of distinction who fought in the Civil War, very popular in secret society circles, recommends the famous remedy, Peru-na, as a spring tonic.

He says: "I have used Peru-na, and desire to recommend your remedy as an invigorating spring tonic; also one of the best remedies that I ever tried for coughs, colds and catarrhal complaints."

Having read the above testimonial, what conclusion must be reached by any fair-minded, unprejudiced reader?

Is there any possibility that a man of the prominence and reputation of Col. Patten could be induced to say such things if he did not honestly believe them to be true?

Remember, he says not only that he recommends Peru-na as an invigorating spring tonic, but also as one of the best remedies that he has ever tried for coughs, colds and catarrhal complaints.

What are you going to do with such evidence? Are you going to turn away from it and listen only to the talk of people who probably never saw a bottle of Peru-na, certainly never tried a bottle of it, who have nothing else to do but to talk about other people's affairs? Are you going to listen to such people as that, instead of accepting the testimony of those who know?

There may be a few people so constituted as to be able to perform such a mental feat. But the sensible people, the reliable people, the brawn and brain of the world, who are governed by principles of justice and common sense, are going to accept the clear, pointed and undoubted testimony of a man of national reputation who knows what he is talking about.

Peru-na is everything he says it is. It is an invigorating spring tonic. It is also a good remedy for coughs. We have many testimonials attesting to this fact. Peru-na is manufactured by the Peru-na Drug Mfg. Co., Columbus, Ohio.

New Liquor Measure Introduced in House

TALLAHASSEE, April 20.—Providing for the regulation of the sale of liquor in counties where the sale of the same is allowed by law a bill introduced in the lower branch of the Legislature by Mr. Davis of Madison bears the earmarks of a dispensary system and which, if passed by both houses, would place Florida in the attitude of adopting in a measure an initiative taken by South Carolina. In explaining the purpose of his bill Mr. Davis stated that the bill, if enacted into law, would result in the elimination of the treat habit, which he terms the most pernicious feature of the liquor traffic.

In substance, the bill provides that no intoxicating liquors shall be sold in counties where the sale of the same is allowed by law in less quantities than one-fourth of a pint, and no one shall sell any liquors that are not contained in securely sealed receptacles. That no person shall sell or furnish any intoxicating liquors in any quantity to an habitual drunkard personally known to him. That no person, by himself or another, shall sell or cause to be sold, or furnished, to any minor or female, intoxicating liquors in any quantity. That it shall be unlawful for any person to sell intoxicating liquors between the hours of 9 p. m. and 6 a. m. That no dealer shall himself drink, consume or give away any intoxicating liquors in any quantity on the premises where such liquor is sold. That any person violating the provisions of the act shall be deemed guilty of a misdemeanor and upon conviction his license shall be forfeited and he shall be subjected to fine or imprisonment, and that the act is intended to repeal any existing law in reference to the sale of intoxicating liquors. It is further provided that the act shall take effect at midnight of September 30, 1909.

Message From Bryan.
A telegram to the Speaker was re-

ceived from Hon. W. J. Bryan, acknowledging receipt of the invitation to address the House and reply to certain statements made by Hon. Frank Clark in his speech last Thursday night. The telegram stated that Mr. Bryan could not come to Tallahassee at present, but hoped to be present before the Legislature adjourned.

House Resolution No. 5 was introduced by Carn of Marion, that the House invite Dr. C. C. Carroll of Ocala to lecture to the House upon any subject he may choose Thursday evening, Amendment, changing date to Friday owing to the Governor's reception on Thursday to the legislature, was offered.

Mr. MacWilliams of St. Johns moved that the matter be referred to the Committee on Public Buildings. Motion was lost.

Mr. Carn of Marion then moved that rules be waived and that Dr. Carroll be invited to lecture Friday evening.

Mr. MacWilliams then said: "Personally, I am opposed to any individual using this chamber for any purpose. Judging from what I've heard of Dr. Carroll he must be an excellent gentleman, and a good lecturer, but I think this matter should go to the right committee first for consideration."

Mr. Carn's motion prevailed, however.

House Bill No. 251 was introduced by Taylor of Hillsborough, prohibiting the gathering and shipping of certain citrus fruits out of season, or in immature state.

Among the bills passed by the House were the following:

House Bill No. 266, by Hilburn of Putnam—Incorporating the town of Interlachen. Upon motion the rules were waived and the bill went to the second and third readings and then passed without a dissenting vote.

NEW RULES FOR LEASING COUNTY CONVICTS

Proposed Bill Stipulates That Convicts Must be Worked in County Where Convicted.

TALLAHASSEE, April 19.—The recommendation in Governor Gilchrist's message to the Legislature that a law be passed requiring the boards of county commissioners when leasing out county prisoners to make such leases under such rules, regulations and supervision as may be prescribed by the Commissioner of Agriculture, with the approval of the Board of Commissioners of State Institutions, has been incorporated into a bill which the Governor and his cabinet have submitted for the consideration of the Legislature. The bill also provides that county prisoners can only be leased to be kept and worked in the county where they have been convicted. Both of the proposed changes in the present law are designed to bring about reforms in the care and treatment of county convicts. The records show that practically all the abuses upon convicts in Florida in recent years have been in county convict camps. The State camps managed by the Commissioner of Agriculture, under the supervision of the Board of Commissioners of State Institutions, have been free from scandal and criticism.

The proposed new law is as follows: "A bill to be entitled an act to amend Section 4109 of the General Statutes of the State of Florida relating to labor of county convicts, as amended by Chapter 5705, Acts of 1907.

"Be it enacted by the Legislature of the State of Florida:

"Section 1. That Section 4109 of the General Statutes of the State of

Florida, as amended by Chapter 5705, Acts of 1907, relating to labor of county convicts, be, and the same is hereby amended so as to read as follows:

"4109. County Convicts May Be Put to Labor.—The Board of County Commissioners of each county may employ all persons imprisoned in the jails of their respective counties under sentence upon conviction of crime, or for failure to pay a fine and cost imposed upon conviction of crime, at labor upon the streets of incorporated cities and towns, or upon roads, and public works in the several counties where they are so imprisoned; or the said boards may, in their discretion, hire out such prisoners, to be kept and worked only within the county in which they are imprisoned, under such rules, regulations and supervision as may be prescribed by the Commissioner of Agriculture, with the advice and approval of the Board of Commissioners of State Institutions, in which case proceeds arising from such contracts shall be paid into the county treasury. Provided, that before hiring, leasing or letting out such prisoners, the said boards shall advertise for at least thirty days in one or more newspapers published in the county, their intention to lease, hire, or let the said prisoners, thereby giving those who desire to bid for such prisoners an opportunity to be present either in person or by attorney and submit their respective bids therefor.

"Sec. 2. That this act shall take effect immediately upon its passage and approval by the Governor."

FRENCH WARSHIPS ARE HURRYING TO MERSINA

CONSTANTINOPLE, April 19.—Turkey is aflame in both sides of the Bosphorus. Anti-Christian feeling in Asia-Minor is spreading. The Mussulmans are persecuting Christians without discrimination—but their hatred is directed principally against the Armenians—looting and burning their homes and putting them to the sword. The Turkish government has said it was doing all it could to maintain order, but it is doubtful if this outburst of racial passion can be subdued at once, and during the week further news of rioting and massacre can be expected. The situation in Asia-Minor is quite distinct from the political turmoil that invaded European Turkey last week. The former is radical and religious and bears a strong resemblance to the appalling Armenian massacre of ten years ago. The latter is an outcome of Turkish efforts at popular constitutional government.

Confirmation has been received here of the killing of two American missionaries at Adana. The murdered missionaries were Mr. Rogers and Mr. Maurer. The others connected with the missions are safe, including Mr. Christie, who is at Tarsus.

Three French warships are hurrying to Mersina, where the situation is desperate. Foreigners and many Christians have taken refuge in the consulates. The local troops and the governor are doing their best to protect the town, but there is more real fear that it cannot hold out much longer against the invasion of the Moslems, who are sweeping down in large numbers. The American vice consul at Mersina, John Debbas, has been unable to proceed to Adana, owing to interruption of communication. A British warship is proceeding to Alexandretta, which is threatened by the Moslems.

According to the latest news from Adana, the missionaries do not dare to leave the mission house. They are suffering from lack of provisions

and medicine, and have sent an appeal to the military authorities for protection. Adana is still burning, and it is reported that not less than 3,000 persons are homeless at Tarsus.

Situation Improved.

WASHINGTON, April 19.—The State Department yesterday received a cablegram from Minister Leishman at Constantinople, stating that the situation at Adana was reported to be improved. The two Americans killed were named Maurer and Rogers, but the ambassador has not yet learned any details.

The department has cabled Mr. Leishman expressing anxiety on account of the many American missionaries and teachers in Turkey, and inquiring whether warships are being sent to Mersina, or other danger points to protect the lives of foreigners, including Americans.

The ambassador has been informed also by the department that it would obviously take too long for American vessels to arrive at those points even if it were desirable to send them to afford refuge and assistance if necessary.

Fighting in Adana.

BEIRUT, SYRIA, April 19.—A terrible uprising has occurred in Adana. Street fighting has been going on for three days, at least 1,000 persons having been killed. The city has been practically destroyed by fire. American missionaries named Rogers and Maurer, the latter from Harbin, are dead. All other Americans are safe. The British vice consul is among the wounded.

At Tarsus there was less loss of life. The Armenian quarter, however, was destroyed. Four thousand refugees are housed in the American mission. The need of relief is urgent, for shortly the fugitives will be on the verge of starvation.

Conditions in the vicinity of Alexandretta also are most serious.

W. N. Wilson returned yesterday from Tampa, where he was called on business. En route home he stopped over at his grove on Lake Weir and is well pleased with the way the trees are looking, and feels certain he will have an extra fine crop of fruit the coming season.

The representatives of the union Sunday schools of the city are requested to meet at Mr. W. W. Hampton's office this afternoon at 5 o'clock to discuss the invitation of the Palatka Sunday schools to meet them at Interlachen on May 7. A full and prompt attendance is desired.

D. Hicks of Waldo was in Gainesville yesterday en route to the Evinston section, where he goes to look after some business matters. He is one of the pioneer wagon builders of this section of Florida and for many years was very active in placing his wagons in all sections, but advancing years has caused him to curtail his business to some extent.

Mrs. John F. Cox and three children of Lakeland arrived in the city yesterday and for the next few days will be guests of the former's parents, Mr. and Mrs. F. P. Henderson. Mr. Cox is one of Lakeland's live and progressive business men, and for four terms had the honor of serving his town in the responsible position of mayor.

Sheriff P. G. Ramsey has returned from Tallahassee, where he attended a meeting of the State Sheriff's Association. He was honored by being elected vice-president of the association and feels that the organization will prove of great benefit to the sheriffs throughout the State. The association before adjournment drafted a number of resolutions embodying what they desire the Legislature to do in the way of making laws, some that would prove beneficial to the State at large.

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It makes Weak Women Strong. It makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this *non-secret* remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

MCDONALD LOSES HEAVILY BY FIRE

BARN AND ALL CONTENTS DESTROYED TUESDAY NIGHT.

Was Supposed to Have Been the Work of Incendiary—Occurred About 2 O'clock.

C. W. McDonald, one of the extensive truckers of Rocky Point, was a heavy loser by fire on Tuesday night, the amount being \$2,000 or more, with no insurance, when his barn and all its contents were burned to the ground.

Mr. McDonald, who resides in this city, was not apprised of the fact until Wednesday morning, when he went out to view the loss and make the necessary arrangements to get his plows to running.

He had just put away all of his canvass, consisting of about 4,000 yards, and besides this the building was filled with feed stuffs and implements, the entire list being a total loss.

The fact that there had been no fire about the place and the hour during which the fire occurred, leads the owner to the belief that it was of incendiary origin.

There was no insurance on the building or any of its contents and the loss will prove a heavy blow to the owner.

\$50 Reward.

I will pay the above reward for information that will convict the party or parties that set fire to my barn on Tuesday night, destroying all that it contained. C. W. McDONALD.

Mrs. W. C. Beville of Arredondo was in the city yesterday on her regular weekly shopping visit. She is assistant postmistress at Arredondo and assists her husband a great deal in the management of his various business enterprises at that point.

KELLEY AND DAVIDSON WANT TO SECURE BAIL

JUDGE WILLS TO HAVE SPECIAL HEARING TODAY.

The State Has Ten Witnesses to Be Heard, All of Whom Testified at the Inquest.

The examination in the case of D. M. Davidson and J. M. Kelley will come up for hearing before Judge Wills this afternoon at 2 o'clock in the court house.

This investigation has been brought about by the attorneys for the defense, who sued out a writ of habeas corpus in an effort to secure the defendants' release on bail.

There are several State witnesses to be examined and quite a number for the defense, hence it is expected that it will require two days or more to submit the evidence in the case to the judge.

Kelley is charged with the killing of Officer Sellers at High Springs in 1906 and Davidson is charged as aiding and abetting in the murder.

Owing to the business standing of one of the defendants the case will attract considerable attention, and a large delegation is expected to be present from High Springs.

DEATH OF MR. GLAWSON.

Passed Away at Hawks Park After Lingering Illness.

Hawks Park, Fla., April 21.—Mr. Charles Glawson died April 14th after suffering from lung trouble eight months. But what a blessing it is to know that he is now free from all pain.

Mr. Glawson, better known as "Charlie," was born thirty years ago, and only eleven months ago he was wedded to Miss Georgia Martin of Hawthorn, Fla., and her many friends of Alachua county will sympathize with her in this time of trouble. Deceased also leaves a mother and sister with sad hearts.

On the morning on which his death occurred he spoke of dying and had a smile for the loved ones at his side. What a comfort it is to know that he was ready to go.

We have known Charlie from childhood, and while he has gone his good influence remains as an example for us.

Rev. Jones conducted the funeral services at the home, and in his mild way, expressed words of comfort to the bereaved ones. The Fraternal Union, of which he was a member, conducted the services at the cemetery.

Mr. Glawson was not only a good, upright gentleman, but one that prospered in his vocation. We attribute this to his bright, sunny life. He had a smile and good word for everyone and never looked for the dark side of life. He numbered his friends by the score, and we mourn deeply for him and extend sympathy to the family. A FRIEND.

From Porto Rico.

Oliver Shaw, formerly of this county but for the past few years located in Porto Rico, has sent The Sun a copy of The Porto Rico Review, published in San Juan. It is a weekly publication containing twenty pages, book form, with colored cover, and the reading matter is set in both English and Spanish, the matter in English on one page being produced in Spanish on the opposite page.

If it's printed stationery you want, The Sun office is the place to get it.

COUNCIL WILL TAKE IMMEDIATE ACTION

NUMEROUS COMPLAINTS ABOUT EAST GAINESVILLE WALKS.

Reckless Bicyclists Pay No Attention to Pedestrians Along East Alachua Avenue.

So general has become the complaint of pedestrians who have to travel in East Gainesville that members of the council have agreed to bring the matter up at a meeting and see if some steps cannot be taken to put a stop to the reckless riding nuisance.

As the law now reads the riders are permitted to use the walks where the streets are in a bad condition, and that they have abused the right is best evidenced by the fact that a number of persons have been run into and injured.

The Sun has been asked to call attention to this matter on various occasions, but it has had little effect and the riders still use the sidewalk along East Alachua avenue as if there was no street at all.

That the council will put a stop to this practice by amending the law there is now little doubt, and parties riding along this way will be handled as soon as a change can be made.

NOTICE!

To All Whom It May Concern: Notice is hereby given that sixty days after this date there will be a bill introduced at the 1909 session of the Florida Legislature for a special law for Alachua county to prohibit the shooting, hunting or killing of quail for three (3) days out of each week during the open season.
